

The Big Shift – Elevate Your Chapter!

Is your chapter still operating on models that were successful decades ago but aren't reaping the same results today? The world has evolved, and it's time for our chapters to align. Welcome to The Big Shift: Elevate Your Chapter—an immersive experience designed to help your entire team transition from the old ways to the cutting-edge practices that are driving success in today's non-profit choral arts world.

This isn't just another workshop; it's a transformative journey where your chapter will learn to harness the strategies that top organizations are using right now. Imagine walking away with your whole team energized, aligned, and ready to propel your chapter into a thriving future. It's time to stop looking back and start moving forward—together, we'll make the big shift.
